PickleBall Court

BasketBall Court

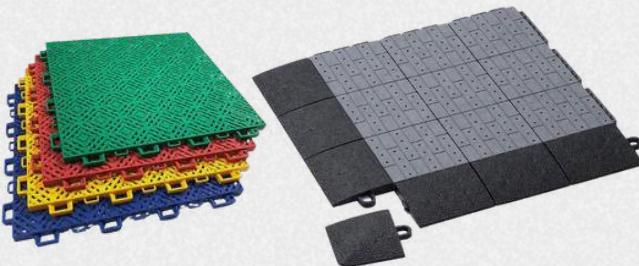

TPE Tile

Key features

- **Certified as FIBA level-1 flooring**
- **All-Weather Performance**
- **Non-Slip Surface**
- **Environment-friendly material**
- **Maintenance Friendly – Unique porous design allows efficient drainage and quick drying.**
- **Anti-fungal and anti-bacterial**

Advantages

- **Low Maintenance**
- **Superior Comfort & Performance**
- **Multi-Sport Compatibility –** Our flooring is versatile and ideal for various sports, including, **tennis, basketball, volleyball, badminton, and athletics.**

- Smart Fitness provides premium artificial grass turf solutions for both sports and landscaping needs. Our **durable, UV-resistant turfs are designed for football, futsal, playgrounds, terraces, and commercial spaces**, offering a natural look with minimal maintenance.
- With complete end-to-end installation—from base preparation to finishing—Smart Fitness ensures a high-quality, long-lasting surface for any application.

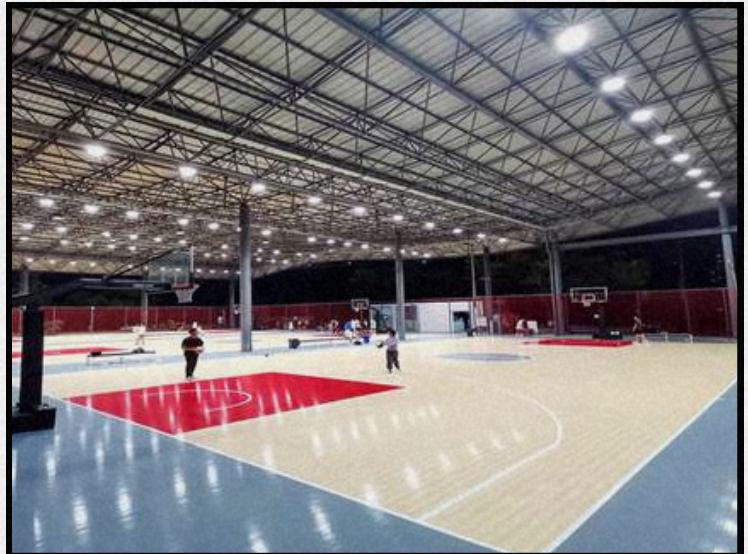

3x3 Basketball Court

- **3x3 basketball** is a fast-paced, half-court version of traditional basketball that involves two teams of three players each. The game is played on a rectangular court with a single basket and a smaller ball than in traditional basketball.
- Smart Fitness **FIBA-approved** 3x3 basketball flooring is ideal for this high-intensity sport as it offers a safe, reliable surface that meets the game's demands.
- **Outdoor wooden flooring and interlocking sports tiles** are popular for 3x3 basketball court.

- The wooden flooring sets a new standard in athletic surface technology.
- Engineered with precision, this innovative flooring solution combines unparalleled athletic performance with a host of advanced features, including **superior waterproof capabilities, enhanced moisture resistance, and termite-proof properties** that are intrinsic to high-quality biomass sports floors.

Outdoor/ Indoor Wooden Flooring

Key features

- **Certified as FIBA level-1 for wooden flooring**
- **Maple wood flooring but 100% synthetic concept**
- **No thermal expansion/contraction**
- **Low Maintenance**
- **Water-proof, humidity-proof, termite-proof**
- **Custom Logo, graphics, and color schemes**

Advantages

- Designed with **superior shock absorption** to reduce impact and protect your joints—keeping your knees comfortable and injury-free during play.
- **Life Span – 10+ years**

- **Smart Fitness** offers a versatile range of **sports poles and nets** for **pickleball, tennis, badminton, and multi-sport courts**.
- Our durable, easy-to-install systems include **2-in-1 movable poles** designed for both pickleball and badminton, ensuring flexibility, stability, and top performance for professional and recreational use.

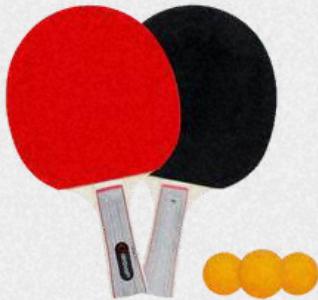

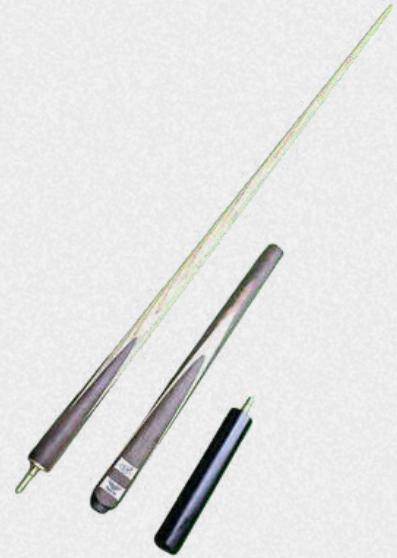

Athletic Track

- Smart Fitness delivers high-performance **acrylic athletic track surfaces** designed for **superior durability, grip, and all-weather performance.**
- Ideal for running tracks in schools, colleges, stadiums, and sports complexes, our multi-layer system ensures **consistent traction, shock absorption, and long-term color stability.** With complete end-to-end installation and precision finishing, Smart Fitness provides a professional, reliable track surface built for athletes at every level.

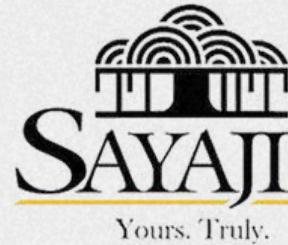

Pool Table and Table Tennis Table

Gym Equipment - For Commercial and Domestic Use

- **Smart Fitness offers premium gym equipment** for both commercial and home setups, featuring world-class brands like Matrix Fitness, Body-Solid, Tunturi, Aerofit, and Cosco.
